RACE DAY GUIDELINES

TO ENSURE A SAFE AND ENJOYABLE RACE EXPERIENCE FOR ALL PARTICIPANTS,
PLEASE OBSERVE THE FOLLOWING:

- Wear your bib clearly on the front of your running singlet at all times during the race.
- Arrive at the start venue early to allow sufficient time for bag deposit, warm-up and entry into the start pen.
- Proceed to your start pen
- Follow the instructions of race officials, volunteers, and event marshals at all times.
- Stay hydrated and run at a comfortable pace according to your fitness level.
- If you feel unwell during the race, stop at the nearest medical station or seek assistance from event personnel immediately.
- Dispose of litter responsibly in the designated bins provided along the race route and at hydration stations.

BIB GUIDE

- 1 Please wear your race bib clearly on the front of your running attire throughout the race. Do not fold, modify, or cover the bib.
- 2 There are no pen allocations for the Open Pen. Runners will be flagged off in multiple waves on a first-come, first-served basis. Participants who wish to start in an earlier wave are encouraged to arrive early.
- 3 Runners who arrive after their assigned wave (Competitive Pen) or after the final Open Pen wave has closed will not be permitted to enter the start pen.

- Diversion Point 1 – 1.93 KM Near Bayfront Ave, Raffles Ave 07:00 am
- Diversion Point 2 – 4.47 KM Near Nicoll Hwy, Slip Rd into Republic Ave 08:00 am

NOTE: The respective Diversion Time will be adjusted should the distance change or due to race delays.

FINISH LINE

FINISHER ENTITLEMENTS

21KM FINISHERS MAY COLLECT AMINOVITAL GELS AT THE AMINOVITAL BOOTH.

FINISHER TEE – 21KM ONLY

Official 21KM finishers can collect their ASICS Finisher Shirt at the designated shirt collection point after finishing your race. Volunteers will mark your finisher tee icon on your bib when issuing your pre-selected size. Please note that T-shirt sizes are non-exchangeable.

FINISHER MEDALS

Medals will be awarded to all official finishers of each category at Race Village located at the Green Roof D of Marina Barrage. Please remain in your designated category lane to receive your medals from our volunteers.

RECOVERY REFRESHMENTS

Runners will continue to the recovery area to collect 100PLUS, Ice Mountain, a banana and an apple.

RUN WITH OUR OFFICIAL PACERS!

Our official pacers are here to help runners achieve their target finishing times safely and consistently throughout the race. Look out for the pacing balloon and designated pacer bibs on race day.

MEDICAL

Your health and safety are our top priorities. If you are feeling unwell before race day or are unsure of your fitness to complete the race distance, we strongly encourage you to consult a doctor and seek medical clearance before participating.

On race day, medical personnel will be stationed at **key locations throughout the event** and can be identified by their uniforms.

START LINE

The medical team will be on standby at the Race Village during your arrival, to support runners who may require assistance before the race. Medical staff will also be stationed along the Start Pens to provide immediate assistance during flag-off when needed.

RACE ROUTE

Medical support will be positioned strategically along the race route, with trained personnel such as static medics, medics on bicycles and medics on motorbikes as well as ambulances on standby, ready to provide immediate assistance for incidents that require medical assistance.

FINISH LINE

A main Medical Tent will be located at the Finish Line to provide immediate medical attention for runners after completing the race, as well as follow-up care for those requiring further assistance.

A second medical tent will be located at the Race Village after the medal collection area. This facility will provide first aid support for runners who may require assistance after completing the recovery process.

EMERGENCY HOTLINE – 9138 6075

WHEN TO SEEK MEDICAL ATTENTION

If you experience any of the following symptoms, reduce your physical effort.
If your condition does not improve, stop running and seek medical assistance immediately:

- Unusual shortness of breath ■ Dizziness/giddiness/light-headedness ■ Chest pain
- Unusual tiredness ■ Nausea ■ Disorientation or confusion

REDUCE THE RISK OF HEAT INJURIES

Running in Singapore’s high heat and humidity increases the risk of heat-related injuries.
In its most severe form, heat stroke can be life-threatening.

- ✔ Ensure you are physically prepared and participate within your fitness limits.
- ✔ Maintain proper hydration before, during, and after the race.
- ✔ Drink regularly throughout the race, especially at hydration stations.

Isotonic drinks containing water, carbohydrates, and electrolytes can help replenish fluids and energy during prolonged exercise. If consuming an isotonic drink, it is recommended to consume it together with an equal or greater amount of water.

See the mark. Make the return.

RETURN
RIGHT

How to Return Right

1. Check

Check that the beverage container has the Deposit Mark.

2. Prepare

Keep barcode intact; don't crush the container.

Pro tip: A quick rinse helps keep recycling clean!
